

I benefit from listening to Satellite Radio and its traffic and weather channels. Satellite Radio provides variety and quality that are not available elsewhere. I gladly pay for these services and it should not be up to the NAB to dictate what I am permitted to hear. I request you reject the NAB's petition 04-160 and support XM's ability to provide the kind of programming that I demand and deserve. It is not up to the NAB to tell me what I can and can't listen to on the radio and only makes me not support that organization.
